COVERS RICHEST GOLD AREA IN CALIFORNIA

From the Californian, March 15, 1848: The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. —Alexander Hamilton.

Vol. 14, No. 62. The County Seat Paper NEVADA CITY, CALIFORNIA, The Gold Center MONDAY, AUGUST 5, 1940.

Thinking Out Loud

By H. M. L.

We surmise that this country in time must come to conscription. Not because President Roosevelt advocates it particularly, but because self-preservation is the first law of nature. The question, as apparently it confronts a great many people, is whether we shall have conscription in this peace-time, or whether it shall be done with a great rush under the imminent threat of immediate war.

The only reason that Congress does not present a united front on the question of peace-time conscription, so far as we can see, is due to the question of whether or not Great Britain can hold out until winter weather sets in to handicap the German onrush. If Great Britain can hold out and Germany beats a retreat, then possibly we can postpone conscription indefinitely, as least on the scale now contemplated.

Advocates of conscription generally assume that Germany will be victorious with a probability that Hitler will acquire the English navy or a large part of it. Every day the blitzkreig on the English isles is postponed weakens this assumption. The fact that Hitler talks peace at all would indicate that he hesitates to make the further national sacrafices entailed in total war on Great Britain. Yet, on the other hand, if he does not make the attempt to subjugate England immediately, famine conditions may force a retreat from present German objectives. When Hitler hesitates there is a reason. We don't know the reason, but there can be no doubt that he is hesitating.

So long as Congress is in session, we do not believe there is any immediate danger in delaying conscription under present circumstances. If Hitler in the next few weeks levels England and conquers the British isles, it will still be a long time before he will be ready to take on your Uncle Sam. Furthermore, we doubt if he would attempt it until he had grabbed most of European Russia, which contains resources which he will badly need before he can begin any kind of a war in the western hemisphere. The present pact with Russia means nothing to Hitler. He will move wherever he can find food and munitions or the materials therefor, and the Russians will not even act as a brake on his march.

Assuming Germany is victorious and that the United States would be challenged in the western hemisphere in possibly two years after the fall of Great Britain, there still remains for our consideration the ambitions of Japan in the Pacific. From Washington comes the report that U. S. navy chiefs do not regard Japan as a very serious menace. With perhaps too much optimism they regard naval blockade of Japan as something that can be successfully accomlpished inside three weeks. If the Japanese navy should challenge the Pacific fleet as a result of the blockade the admirals believe they could promptly destroy it. A blockade would put to the test the Japanese yearning for face saving. Would the Japanese fleet come out for a licking or would it sulk under shore guns and starve with the island population?

In any event it seems hardly probable that the United States would be called on for troops in the Pacific area. This leaves for immediate consideration the European war and its implications of danger to the Western Hemisphere. That danger, it would seem, is both minimized and exaggerated. We suspect that Senator Wheeler is playing a favorite role in national affairs when he opposes any degree of peace time conscription, while the President is using the opportunity afforded by the war in Europe, not only to build up national defense, much neglected during his entire seven and a half years in office, but also to bolster his contention that his services are indispensible for four more years in the White House. Somewhere in between these extremes is the golden mean, which probably will be discovered in Congress during the next month or two.

So far a sthe principle of conscription is concerned, we think that the President is right. It is not only the democratic way of raising an army, but it is also the only effective way. The fact that a national election looms in November and that this plays an important role in all congressional deliberations and presidential utterances, should make every citizen weigh the need of conscprition on its merits, paying little heed to biased utterances from Washington. This writer is convinced we shall need conscription, but when and how much, is still to be determined.

Picking Of Pears Will Commence

First Carload of Fruit On Way East From Grass Valley

The first carload of pears left Nevada County last Friday, bound for Montreal, Canada. The pears were shipped by the Nevada County Narrow Gauge Railroad to Colfax, from where they will be sent on their journey eastward.

The Nevada County pears this year are considered by Agricultural Commissioner L. G. Lageson to be of supurb quality. The pears are expected to bring good prices in the eastern markets, where most of them will be shipped.

The activity at the packing houses will increase within the next week. The pear shipments this year will probably equal previous year shipments.

The shipments will be regulated under the government pro-rate program. Instead of glutting the markets with the fruit, the shipments will be controlled from the packing end.

Nevada County pears will have a prominent spot in the county booth at the state fair this year.

COMPLAINTS OF LONG WAITS ON MAE WEST ROAD

Complaints of North San Juan, Camptonville and other mountain community residents regarding the closing of the highway between here and San Juan for several hours at a time while reconstruction is being carried on have been received by the local Chamber of Commerce.

Secretary H. F. Sofge said the complaints will be taken up with Division Engineer Whitmore at Marysville with the idea of scheduling the hours of blasting and clearing of debris so mountain community residents enroute to Nevada City need not wait for several hours while the road is closed to traffic.

At the present time most of the highway improvement work is on the long, winding grade beyond the South Fork of the Yuba River bridge.

BANK EMPLOYEES PROMOTED HERE

Robert J. Wilson, senior teller in the local branch of the Bank of America since December, 1933, has been promoted to the post of assistant cashier at the Lincoln Branch.

This was announced here by John J. Fortier, assistant manager of the Nevada City bank. The transfer takes effect today.

Fortier today announced James Shirley has been appointed as bookkeeper and teller here and all other employees have been promoted one position higher in the organization as a result of Wilson's transfer.

During Wilson's seven years residence in Nevada City he has become widely known. He was the pianist for the Rotary club and was prominently known for his musical activities.

Shirley, the new bookkeeper and teller, has had previous banking experience in Arkansas.

CARD PARTY TONIGHT

Ponemah Council will sponsor a card party at the Odd Fellows Hall here tonight, the proceeds of which will be used for the sending of local delegates of the council to the state convention in Long Beach this month.

LAVA CAP PAYROLL NEARS 400 MARK; GOLD OUTPUT RISES

The Lava Cap Mines payroll reached the 387 mark on August 1st, the highest number of men ever to be employed at Nevada City's fast growing gold producer.

Although most of the men are employed in actual gold output, many are working on surface improvements. Work on the cyanide plant and tailings dam is proceeding rapidly.

Several years ago but a comparative few men were employed at the Lava Cap. Increase in production and number of men employed has steadily advanced the Lava Cap to a position as one of the leading gold producers in Nevada County, banner producing gold county of the state.

Otto E. Schiffner is general manager of the Lava Cap properties. Schiffner is also a vice president in the corporation.

FRANK SILVA ARRAIGNMENT IS POSTPONED

Judge Jones Considers Many Matters Before Month's Adjournment

The arraignment of Frank Silva, 64, charged with raping a 12 year old girl, was continued until September Friday by Superior Judge George L. Jones at the request of counsel for the defendant.

Charles Kunz, charged with failing to provide for his minor children pleaded not guilty and his trial date was set for September 10th. H. Ward Sheldon was appointed by the court to represent Kunz.

Silva is free on $2,000 property bond. Kunz is held in the county jail.

Law Motion Calendar

Law motion matters ruled upon by Superior Judge George L. Jones at Friday's court session included:

Estate of J. B. Maxsoms, deceased: Will admitted to probate and estate set aside to widow.

Petition to establish death of J. Estellle Jaeckle, deceased: Decree made.

Estate of Peter Johnston, deceased: Trustee appointed to fill vacancy.

Estate of Thomas J. Wolder, deceased: Sale of real estate confirmed, and order for family allowance made.

Estate of Caroline Turner, deceased: Petition to bond mining property granted.

Estate of Archie R. Pitts, deceased: Letters of administration issued to Mrs. Evelyn Collins.

Estate of Joseph C. Trewren, deceased: Final account settled and estate distributed as prayed.

Mercantile Acceptance Co. vs. Forkner: Judgment entered as prayed in the complaint.

Estate of Jake Zanocco, deceased: Report of inheritance tax appraiser accepted as filed.

Estate of Roy Gardner, deceased: Dwight Steel appointed administrator.

Following the completion of the calendar, Judge Jones adjourned court until the 30th of August, during which month he will take his annual vacation.

DANCE ARRANGEMENTS PROCEEDING STEADILY

A committee headed by Lambert Thomas is energetically arranging plans for the Chamber of Commerce dance, which will be held on the platform at the P. G. & E. lot on Saturday, August 17th.

The proceeds from the dance will be used to help defray the expenses of the construction of the platform, which was built for use during the Fourth of July celebration.

Rollie Barton's orchestra will play at the dance, which will be a dime a dance affair, instead of an admission charge.

Presides in Placer—

Superior Judge George L. Jones of Nevada County presided Saturday in the Placer County Superior Court in Auburn.

Final Rites For Penrose Held Here

Pioneer Resident Called To Rest After Months Of Illness

Scores attended the funeral rites held at the Holmes chapel here yesterday afternoon for the late Thomas Penrose, 82, one of the best known old time residents of this city. Rev. H. Thomas Pateman officiated at the services.

Penrose, a resident of Nevada City for the past 57 years, passed quietly from life at his home late Thursday night. His illness dated back eight months and during the past four months but little hope had been held for his recovery.

At his bedside when he died were his wife, whom he married in England 62 years ago, and a son, James Penrose, local businessman and former city councilman.

The deceased had been a continuous resident of Nevada City for the past 57 years. He and his wife had held the distinguished honor of being the longest married couple in this area.

The couple met in Cornwall, England, while Mrs. Penrose, whose maiden name was Ann Ayers, was touring Europe with her father. Mrs. Penrose is a native of Colorado. Following several years residence in England the couple came to the United States, finally deciding Nevada City would be their permanent home.

Of six children born to the couple four survive. They are James and Thomas Penrose of this city, Fred Penrose of Woodland and Harry Penrose of Oakland. Many grandchildren and great grandchildren also survive.

The pallbearers for the funeral were grandsons of the deceased. They were Lloyd, Howard, Sidney, Ray, Henry and Tom Penrose. Interment was in the Pine Grove Cemetery.

CHAMBER MEETS WEDNES. NIGHT

The regular monthly meeting of the local chamber of commerce will be held in the city hall headquarters of the organization Wedneday night.

The principal order of business to be considered at the meeting is whether or not the local chamber will join the six county Tahoe-Pacific Highway 20 Association, an organization formed in Marysville recently for the promotion of the Tahoe-Ukiah as a military road.

Secretary H. F. Sofge has other matters of importance for the chamber members and urges a full attendance at the meeting.

TRIO ARRESTED ON CHARGES OF LOOTING CABIN

Three youths wanted for burglarizing the cabin of Mike Murphy at You Bet, were arrested near Arboga, Sutter County, Saturday night and brought to the county jail here by Sheriff Carl J. Tobiassen and Undersheriff William D. Woods. The three, William Wolfe, 18, Wallace Wolfe, his brother, 16, and Charles Kunz, 17, are charged with burglary.

The articles reportedly stolen by the youths consisted of household goods, groceries and clothing. The officers stated they found the loot in the possession of the trio.

Murphy told Sheriff Tobiassen at the time he discovered his cabin had been looted he also noticed a piece of paper sticking out of the stove. He investigated and found a stick of dynamite was wrapped in the paper.

The three youths will be arraigned before Justice of the Peace Georeg Gildersleeve within the next day or two.

Mrs. Eva Cottrell is here visiting for several days. Mrs. Cottrell, a former resident, now resides in Berkeley.

Sleuthing Detects New Whistle's Whereabouts, Clearing a Mystery

After considerable sleuthing and detecting, the Nevada City Nugget is able to clear up for its readers the mystery surrounding the new whistle which recently made itself evident at certain intervals during the day.

Many believed the whistle was installed at the foundry. Others had other ideas on where it was located. The Nugget can now offer its readers the authentic information on the whereabouts of the whistle which daily blares forth at 8 a. m., 12 noon, 1 p. m. and 5 p. m.

The whistle is at the warehouse of the Tahoe National Forest Service on Commercial Street. It was brought into use after laying dormant many years in the warehouse.

WM. O. CAMPBELL FUNERAL SERVICE HELD HERE TODAY

Father of Mrs. Ray Worthley Passes After Long Illness

Funeral services were conducted this morning at the St. Canice Catholic Church for William O. Campbell, 83, California pioneer, who died Friday afternoon at the home of his daughter, Mrs. Ray Worthley, on Coyote Street.

The rites were under the direction of the Holmes Funeral Home. Father Patrick O'Reilly officiated.

Campbell was born in Shasta County on April 18, 1857. He followed mining his entire life, the earlier years being spent in the hydraulic mining industry. Later he worked in lode mines and for approximately 15 years was employed on gold dredgers.

For the past five years Campbell has been ill of a heart ailment, forcing him to retire.

In 1918, Mrs. Ellen Doyle Campbell, whom the deceased married in Birchville, succumbed. To the Doyle-Campbell union were born nine children, five of whom survive.

They are Mrs. Ray Worthley of this city, Joseph Campbell of Sacramento, Mrs. Mary McIsaac of San Francisco, Leo Campbell of Marysville and Frank Campbell of Hammonton.

DEATH CLAIMED MRS. HAFELFINGER LATE YESTERDAY

Death late yesterday claimed Mrs. Annie Hafelfinger, resident of Nevada City for the past 10 years and mother of eight children.

The funeral services for Mrs. Hafelfinger, 82, have been set for two o'clock Wednesday afternoon at the Holmes Funeral Home with Rev. David Ralston officiating.

Mrs. Hafelfinger, who died at her home on Upper Boulder Street, was the widow of Julius Hafelfinger, who died here in 1934.

The deceased spent most of her life in her native state of Nebraska, where she married her husband in 1882 and reared her children. She was well known in Nevada City for her interest in gardening and fancy poiltry breeding.

The eight surviving children are Mrs. Elizabeth Self, J. C. Hafelfinger, William Hafelfinger and Fred Hafelfinger, all of Nevada City; Mary Louisa Dolan of Sterling, Colo.; Emma Esther Golden of Pacific Grove; Henry LeRoy Hafelfinger of Cottonwood and John W. Hafelfinger of Plattville, Colo.

Here During Weekend—

Mr. and Mrs. Harley M. Leete, Jr., Arpin Laurence and Miss Helen Lamon, all of Berkeley, were guests of Mr. and Mrs. Harley M. Leete, Sr., here during the weekend. They also enjoyed fishing at Sardine Lake.

Visiting With Sofge—

Roy Nelson of Oakland is visiting with Mr. and Mrs. H. F. Sofge at their Willow Valley home.

Suicide Of Sawyer Is Discovered

Fellow Employee Finds Body Hanging From Cabin Rafters

Apparently despondent because of frustrated love affairs and fear of impending arrest on a hit-run charge Gustave E. Norman, 42, employee at the Lambert Almquist Sawmill at Scotts Flat, ended his life by hanging Saturday night.

An investigation by Coroner A. M. Holmes and Deputy Sheriff Fred Williford revealed Norman used a blasting fuse to hang himself from the rafters of a cabin which he shared with Glenn Youngeren, also an employe of the sawmill.

The body of Norman was discovered by Youngeren at about 10:30 Saturday night. He immediately notified Almquist and the two men came into Nevada City and informed Sheriff Carl J. Tobiassen and Coroner Holmes.

A note left by Norman read:

"Dear Friends:

"Please forgive me for what I am doing but I rather end everything than to tell the court about my secret love affairs. Good luck to you all and God bless you.

"Gus."

Youngeren informed the authorities he last saw Norman alive at 8 p. m. Saturday. At that time Norman was looking at a picture of a woman and when Youngeren entered the cabin he immediately hid the photograph.

Almquist said recently Norman told him there was a warrant for his arrest on a hit and run charge and he was worried about it. Almquist said two weeks ago Norman tried to end his life by attaching a hose to the exhaust pipe of Almquist's automobile and inserting it through the window but later said he did not want to die.

The body of Norman is at the Holmes Funeral Home here. Inasmuch as there is no doubt of the death being a suicide, Coroner Holmes said no inquest will be held. The coroner is attempting to locate friends of the deceased in Sacramento, from where he came recently to work at the Almquist Sawmill. So far the authorities have been unable to deteremine where officers held a warrant for his arrest on the hit-run charge.

CONSIDERATION TO BE GIVEN ON HIGHWAY

H. F. Sofge, secretary of the local Chamber of Commerce, is in receipt of a letter from the California Highway Commission stating the matter of improving the state highway between Nevada City and Auburn has been placed on record for further consideration.

The letter reads:

"Receipt is acknowledged of your letter of July 24, containing a resolution as adopted by your organization on July 17, 1940, wherein it is urged that the remaining portion of the Auburn-Nevada City highway be given immediate consideration.

"This matter was before the California Highway Commission at its meeting held on July 26, 1940, and was placed on record for further consideration this fall at the time of the preparation of the state highway budget for the ensuing biennium."

FOREST SERVICE MEN MAKE HORSEBACK TOUR

Supervisor Guerdon Ellis of the Tahoe National Forest, Clyde Gwin, G. E. Mitchell and H. I. Snider of the forest service staff last week completed a three day horseback tour of the Squaw Creek and Tinkers Nob districts in the interest of rehabilitating trails within the Tahoe Forest damaged by flood waters.

The forest seervice officials have $6,000 to spend on improving trails damaged by high water and they are desirous of distributing the appropiation equitably in all ranger districts.

Willkie

"It's time to take up the revolution where our forefathers left off. It's time to declare that we are free men." said Wendell Willkie in his address before the Commonwealth Club in San Francisco. How seriously he was taken is evidenced by the 40 Willkie-for-President clubs formed throughout Northern California during the past two weeks, with over 700 volunteer workers circulating petitions for the signatures of those who "believe that Wendell Willkie should be elected President of the United States."

Jumping from a practically unknown to the Republican Nominee for the Presidency of the United States is just a typical Willkie move. He sets his mind on a problem, calls in a couple of research workers and the first thing anyone knows, the problem is solved. Of course, "that Willkie personality" should come in for some of the credit, but still, cold business facts play a large hand in the game.

Wendell L. Willkie's background is just plain every day American. He is 48 years old. born in Elwood. Indiana. the son of American born parents whose mothers and fathers before them had come to this country from Germany to seek freedom and opportunity after the European revolt of 1848. He was the third of six children and the family resources barely went around. Both his father and mother. it is interesting to note, were lawyers. His mother being the first woman to be admitted to the Indiana bar.

As a youth. there was a period in which he could not decide upon a career so, as a wandering farm hand. he followed the harvests all through the western grain belt. Finally deciding upon a law career, he entered the University of Indiana. While still in college he helped his father defend (and win) the case of some labor pickets against whom an injunction had been issued.

The day war was declared, in 1917, Willkie enlisted. He was first sent to a Kentucky military training camp and it was here that he met Miss Wilk, a librarian, whom he later married after returning from France.

His army career again shows the Willkie ability to accomplish things. Entering as a private, he soon started to work his way upward. Pausing between jumps to defend his wayward buddies who found themselves before the army courts, he soon won the profound admiration of his superior officers. He left the army as a Captain in the artillery.

Returning to the United States he became a corporation lawyer for the Firestone Tire and Rubber Co., in Akron Ohio. Later he entered private practice and became known as the 7 day wonder of the Ohio bar. It was during this latter period that Willkie was selected to lead the giant Commonwealth and Southern, the nation's 21st largest corporation.

As president of the great utility company. he set about to turn large losses into greater profits. His ability to reduce the electrical rates and to increase consumption has been marveled even by his New Deal opponents in Washington. Even though he has mixed with the best of New Dealers, he is genuinely liked by the majority for his fair play.

12,400,000 on U. S. Payroll

Each month the United States government makes out checks to more than 12,400,000 persons. And that almost unbelievable figure does not include 1,700,000 federal relief cases.

So says a recent news dispatch from Washington, D. C., quoting a tabulation made last January by the National Small Business men's Association.

The 12,400,000 checks include 968,851 on the administrative payroll, 294,000 to the military forces, 2,202,638 to WPA employees, 758,354 in the National Youth Administration, 319,613 in CCC camps, 3,468,281 in farm aid payments, 1,925,957 to persons receiving old age benefits, 858,964 to those receiving military pensions and aids.

The total for the month exceeded 500 million dollars, which is at the rate of more than six billion dollars a year.

A Matter of Consuming Interest

"Hidden taxes" don't bother the average American very greatly. He may suffer annoyance for a fraction of a second when he has to fumble for odd pennies to take care of the concealed tax in a pack of cigarettes or the price of a movie ticket. But by and large we're a good natured people, willing to take a lot in our stride.

So we're inclined to lose track of the manner in which taxes eat into the family income. And when we find out the true facts of the case, as developed in a survey made by one industrial magazine in a typical American community, we naturally are surprised—to put it mildly!

The magazine examined the purchases made by average citizens of the community in order to find out how much of each dollar spent was accounted for by taxes.

Ten cents of each dollar spent for milk and dairy products went for taxes.

In the case of movie tickets or electricity, the figure was 12 cents.

In the case of furniture, 13 cents.

In the case of a new car or the telephone bill, 15 cents.

That was the situation before our new national defense measures went into effect. And now that we must be absolutely sure that each dollar of governmental revenues is used wisely and well ,it would also seem that all America should look with added care at the hidden levies paid by the country's consuming public!—Contributed.

WHITHER ARE WE DRIFTING?

Henderson, in the Providence Journal.

Just Wonderin'

I wonder about delegates
Of genteel speech and manner,
Who mill about convention halls
Shouting and waving banners;
For there their social graces wane,
Their courtesies diminish,
And they are sometimes really wild
And rude, from start to finish.

I wonder what could be done toward civilizing our national conventions; we shall have four years for the task, and considering the absurdities of the two happily now at an end something should be done to lend them a dignity commensurate with their importance.

The late republican and democratic conventions certainly ran true to form, in so far as noise, confusion and bad manners were evidenced. But were the nominating speeches quite up to par?

Indeed these hyperbolic rhapsodies of adulation are always cast in the same mold; but those to which we listened seemed moldier than usual. Every thing was "great," from the convention city itself to the water pitcher upon the speaker's stand; and it was encouraging to hear that every single aspiring and perspiring candidate without exception, was, "outstanding." The three words, "a man who," fell upon the ear with clock like regularity, and alas, a distinguished lady, while describing the oppearance of other notable women there present, assured us that one and all, were wearing large white hats, and "looked very lovely."

I wonder at this paucity of adjectives when there are so many useful ones in almost every dictionary; one wonders also at the crudity and lack of courtesy displayed in a gathering where the elite of the nation was in important conclave assembled. Strange, but women's voices were heard joining in the uneuphonious jeers, cat calls and boohs which interrupted the nominating speech of a distinguished statesman whose years of experience and service to his party surely entitled him to a respectful hearing.

Oh, ladies; didn't you promise us that your presence in the halls of state would add a greatly needed touch of refinement, and act as a restraining influence upon the uncouth outbursts of your brothers?

I wonder if we as a nation, are becoming feud minded; a moment of serious reflection convinces one that there are a number of fully matured feuds already functioning in our midst. There is that long standing and very bitter one between Messrs. Green and Lewis, the Olson-Patterson affair and many others which come readily to mind. But now that the great democratic-republican rumpus is about to burst forth in all its periodical fury, how may meek, peace loving persons like you and me to preserve their mental equilibrium and keep their emotions from flying loose ends?

Of course there are times when we can compromise with our opponents ideas and arguments, even though we can neither co-operate in the furtherance of his plans, nor contribute to his campaign funds; and if at all times we wish to think sanely and speak advisedly, it may be well to remember that no candidate or party platform is as black as their enemies paint them or as white as their friends would have us believe. A modicum of mature consideration may help us to weather the storm, and after all, isn't mature, sane thinking the old world stands most in need of?

Uncle Silas says: "When some heated individual berates me and hurts my feelings, I don't talk back, I just recall this bit of advice, and act accordingly; 'when butted by a ram, be ca'm. be ca'm'."

—A. MERRIAM CONNER

LEGISLATORS SKEPTICAL OF RELIEF CRISIS

By NEWTON STEARNS
United Press Staff Correspondent

SACRAMENTO, Aug. 5.—(UP)—The possibility of reconvening the legislature to vote additional relief funds was presented during the week as SRA Director S. G. Rubinow announced dole allotments must be cut nearly 50 per cent under the present appropriation.

Leaders of the anti administration "economy bloc" were inclined to be skeptical of the new relief "crisis," but Senate President Pro Tem Jerrold Seawell said he would refer the matter to the joint legislative relief committee and the lawmakers will be called into session if a genuine emergency were found to exist.

The decision lies with Seawell and Assembly Speaker Gordon Garland, since the special session called by Gov. Olson last January is still in effect, although it has been recessed twice for long periods. The governor, however, has power to call a new special session at any time he chooses.

The controller's office confirmed that a sharp curtailment of relief activities will be necessary for August and September unless additional funds are provided.

Actual expenditures for the months of June and July totalled $6,404,353, while only $4,897,257 remains available for August and September, and unpaid bills for previous months—expected to run more than a million dollars—must also be paid from the balance.

Both Seawell and Garland said they did not favor a session before the primary election. In case the legislators determine a session is necessary and Governor Olson refrains from issuing a new call it was indicated the time would be set for the first week in September.

UNEMPLOYMENT BENEFITS THIRD OF COLLECTIONS

SACRAMENTO, Aug. 5.—(UP)—California has paid out in unemployment benefits only slightly more than one third of the money collected in contributions from employers and employees the state department of employment reported today.

Total collections for the period Jan. 1, 1936, to June 30, 1940 were $243,569,399, and interest and fines collected amounting to $5,945,036 make net receipts of $250,514,436.

Insurance payments have totalled $97,350,041, but the payments did not begin until January, 1938, two year after contributions were first collected.

The excess of collections over the benefits payments, amounting to $153,164,394, is retained on deposit with the U. S. treasury as a reserve fund.

NEVADA COUNTY SHARE IN GAS TAXES $17,058

SACRAMENTO, Aug. 5.—(UP)—Allocation of $11,895,650 from the gasoline tax revenues, the largest fourth quarter apportionment ever made by the state, was announced today by State Controller Harry B. Riley.

Of the total, the 58 counties received one third or $3,965,217, distributed on the basis of motor vehicle registration, and $7,930,433 was deposited in the state highway fund.

Nevada county received a total apportionment of $17,058 based on 7,496 registered vehicles.

For the fiscal year which ended June 30, the controller apportioned $50,425,377 of gas tax money, an increase of $3,410,138 over the apportionment s for the preceding year. Of the total distribution, $16,808,459 went to the counties.

The motor vehicle fuel fund for the fiscal year totalled $55,187,057 as compared with $51,941,342 for the preceding fiscal year, an increase of six and one fourth per cent, Riley said. Refunds to purchasers of gasoline used for non highway purposes, totalled $4,566,045.

Riesel fuel tax revenue for the quarter ending June 30, totalling $131,942 was earmarked for repair of bridges on state highways.

"No Hunting or Trespassing" signs for sale at the Nugget Office.

STATE SCHOOL FUNDS FOR NEV. COUNTY, $224,155

SACRAMENTO, Aug. 5.—(UP)—The state department of education announced the apportionment of $77,738,426 to school districts of the state for the next school year.

The apportionments are based on average daily attendance of the various districts for the 1939-40 school year. The total exceeds the amount distributed last year by $943,444.

Nevada county will receive a total of $224,155, of which $136,741 was earmarked for elementary school districts and $87,414 for high school districts.

Average daily attendance figures for the county are 1,998 for elementary school districts and 848 for high school districts.

For the state as a whole the attendance figures were 677,171 in elementary schools, 359,710 in high schools and 30,921 in junior colleges.

A decrease of 8200 was reported in average daily attendance of elementary districts, as compared with the 1938-39 school year. High school districts, however, had a gain of 12,271 and junior college districts, 2555

The total apportionment of $77,738.326 includes $773,030 allotted to elementary districts and $232,635 to high school districts as reimbursement for the excess cost of educating physically handicapped children.

A total of $574,057 will be retained in unapportioned county elementary school funds and $307,750 in unapportioned county high school funds as a reserve to meet emergency conditions.

"Is the Secretary of Agriculture in?"

"I'll see, madam. What do you wish to see him about?"

"Well, I have a geranium that isn't doing as well as it should."

PUBLIC PROGRAM ATTRACTS MANY

An interesting program was presented for the benefit of the people of Nevada City last week at Pioneer Park by the girls and boys participating in the park recreation program.

Ruby Blucher and Fred Fontana played several accordian numbers; Betty Lewis tap danced; Bill Tobiassen sang two songs; Betty and Bertha Deschwanden, Janet Elton, Donnie Bud and Dorene Bartlett, Donna and Marilyn Rule, Leonard Gregory, Dave Tobiassen and Betty Patterson took part in several tumbling acts and Jimmie Hamilton and Dickie Sharpe concluded the show with a comical weight lifting act.

Director Ed Frantz of the recreation program reports members of all the classes are rushing their work in order to complete as much as possible before the closing of the playground. Attendance at the dances has steadily increased but there is still room for many more to have a good time. Dancing is held each Friday night from 8 until 11 p. m. at Seaman's Lodge. Punch is served free.

REFEREE HEARS COMPLAINTS ON OLYMPIA RESORT

A board of equalization hearing was conducted here Friday into the charge against Frank Thurston, proprietor of the Lake Olympia resort, of conduct contrary to public morals and permitting minors to obtain liquor and consume it on the premises.

The penalty is suspension of Thurston's liquor license. The hearing was conducted before Referee E. A. McDonald, who will submit the case to the state board of equalization for a decision.

Testimony was offered at the hearing that Thurston sold liquor to minors over the bar at Lake Olympia. Thurston, represented by Attorney Thomas McCraney, stated it was his desire to fully cooperate with the liquor law enforcement officers and that the majority of the complaints registered regarding the consuming of liquor at Lake Olympia dances by minors were unfaily credited to him. He said in most instances the young people bring their liquor with them to the dance.

NEW NURSE ARRIVES FOR RED CROSS WORK

Miss Frances Clink of Crescent City, has taken over her new duties as Red Cross nurse for Nevada City and Grass Valley.

Miss Clink, who succeeds Miss Elise Puesch, can be reached at the city hall or in Grass Valley. Miss Puesch has left on a vacation trip, after which she will enroll in the University of California for further Red Cross work study.

The Red Cross nursing is free to those who are unable to pay. Others pay according to their means.

FAIR DIRECTORS HOLD ORGANIZATION MEETING

The directors of the 17th Agricultural District met in Grass Valley Thursday night for the first time since Governor Olson appointed four new members to the board.

The Olson appointees are William Goggin, John Frank, John Bieber and C. J. Rolph. The holdover directors are Henry Spiess, who was elected president of the agricultural district. Vernon Stoll, who was named vice president, Thomas Mulcahy and U. S. Johnson. Eben K. Smart was elected treasurer.

The 17th Agricultural District annually sponsors the Nevada County Fair.

NEW METHOD IN PENAL SYSTEM IS ADVOCATED

SAN FRANCISCO, Aug. 5.—A modern, streamlined procedure for handling convicted criminals will be provided for California if a measure proposed by the Hollywood Bar Association is enacted into law.

This was disclosed yesterday when lawyers from the motion picture capital filed a resolution at the State Bar office urging complete revision of the present system of dealing with convcted persons. The resolution will be considered by the state legal profession at its convention at Coronado September 25, according to Claude Minard, State Bar secretary.

Submitted by the Hollywood Bar Association's Committee on Streamlining Criminal Procedure, the resolution urges adoption of an entirely new system whereby convicted criminals can be classified by scientific means and the more vicious offenders segregated.

"Under our present system men come out of prison resentful of their lack of opportunity for rehabilitation and embittered with their position in life and thereby form a class of social outcasts who are peculiarly susceptible to Fifth Column activities." the resolution stated.

The resolution, which has also been publicly supported by Superior Judge Roy V. Rhodes of Los Angeles declares that it has been long recognized that our criminal procedure is not conductive to solving the ever increasing crime problem. Among the suggested reform features are provisions for scientific study of the mentality of each prisoner, together with sincere efforts to remedy defects disclosed.

The present system of confining social delinquents solely for the purpose of punishment, with scientific efforts to rehabilitate, is unfair to both the prisoner and to society it was contended by Samuel S. Zagon, president of the Hollywood Bar Association.

VETERAN, 94, TO JOIN G.A.R.

LLANERCH, Pa. (U.P.)—William Ritter, a 94-year-old Civil War veteran, who saw Gen. Robert E. Lee surrender at Appomattox three-quarters of a century ago, has finally decided to join the G. A. R. He will be inducted into Ellis Post 6 by Moses I. French, 98, sole surviving member of the post.

"MY FAVORITE WIFE" COMEDY TO OPEN THURSDAY

A sparkling treatment of the Enoch Arden story is the delightful basis of "My Favorite Wife" coming to the Nevada Theatre with Irene Dunne and Cary Grant in the stellar roles.

Described as a sophisticated entertainment bristling with refreshing comedy, from the opening scene to the final fade-out, "My Favorite Wife" has Miss Dunne, portraying Grant's wife returning from a scientific exploration which met a sea disaster in which all members were declared lost. Her return is welcomed by Grant with astonishment, joy and apprehension—because he weds and leaves on his second honeymoon that very day.

By clever connivance, Grant manages to keep the news of Irene's return from Wife No. 2. He immediately packs up the kissless bride, leaves the honeymoon hotel, and goes home—where he again meets Irene, now posing as an old friend of the family.

The plot introduces a handsome explorer with whom Irene spent her seven year absence on a South Sea island who now wants to marry her; all of which leads to a double skirmish along the romantic front—wife vs. bride for Grant, and explorer vs. Grant for Irene—which builds up to the whirlwind climax after a sparkling stream of exhilarating comedy and exciting romance.

INCENDIARY FIRE AT BRIDGEPORT BURNS 200 ACRES

A fire of incendiary origin burned 200 acres of brush and timberland in the Bridgeport district before it was brought under control Friday by fire fighting crews from Nevada and Yuba County.

Approximately 100 fire fighters from the State Division of Forestry camps in Yuba and Nevada Counties joined forces with Civilian Conservation Corps youths in combatting the flames.

The town of Bridgeport would have been endangered by the fire if the wind had not stopped. Under a strong wind the fire gained rapid headway at the outset.

The Bridgeport fire was the third in this district in a single day. The fire fighters worked on a fire in Gold Flat and one along Wolf Creek below Grass Valley. Neither fire caused damage of any amount.

The Bridgeport fire was the largest in Nevada County this season.

UTILITIES OF NEV. COUNTY VALUED AT $7,932,490

SACRAMENTO, Aug. 5—California public utility companies maintain enough telephone and telegraph lines to reach 320 times around the earth and sufficient railroad track to extend to Australia and return.

These and other holdings were taken into consideration today when the State Board of Equalization adopted an assessment roll in which the value of public utility property was placed at $1,011,140 for the purposes of local taxation.

In announcing the roll, Richard E. Collins, board chairman, pointed out that the total value included $962,591,800 in tangible property and intangible property or solvent credits amounting to $48,549,180. The major item of tangible property represented a gain of more than $12,000,000 over comparable assessments of the previous year.

In Nevada county, the utility assessment roll for 1940 included intangible property, none; tangible property, $7,932,490 as compared with the 1939 total of intangible, $520, and tangible, $7,758,950.

Collins pointed out that this was the sixth assessment made by the board since public utility property was transferred to local tax rolls. During the last five years the public utility values have amounted to approximately $1,000,000,000 annually against which local governments have collected taxes amounting to between $160,000,000 and 175,000,000 for the period.

In determining the current assessment roll, it was necessary for the board's valuation division to list the complex, state-wide holdings of 248 utility companies. These included 8,000,000 miles of telephone and telegraph lines, 15,500 miles of railroad track, 1,500,000 electric power poles, 23,000 miles of gas mains, 1,780,000 telephone stations and numerous other specialized items.

The gas and electric companies led the list of taxpaying groups with tangible property amounting to $520,758,480. Railroads were second with $244,877,730, and telephone and telegraph companies next with $170,387,730.

Nevada Archers Society To Be Formed Here By Cecil Wilson

Cecil Wilson has started a move to organize an archery club here. Wilson said he intends to call the club the Nevada Archers Society and that eligibility is open to men, women and children.

Wilson, who claims he has killed deer, bear, moose and mountain lions with a bow and arrow, said archery is a healthful sport and provides game with a sporting chance to get away.

Wilson said there will be no charge for joining the Nevada Archers Society and he will furnish the members with everything but the bows and arrows.

He is desirous of starting the club before the opening of deer season and hopes many sportsmen will put away their guns and hunt bucks with a bow and arrow.

SPORTS

Miners Beat Marysville To Keep In Flag Race

Downing Marysville 5 to 3 at Watt Park in Grass Valley yesterday the Grass Valley Miners remained close contenders for the second half Sacramento Valley League flag. The Miners are in a tie for first place with Redding. Before yestereday's games the Miners, Redding, and Chico were all in a tie for first place, but Chico was knocked from the three way tie by losing to Woodland. The Redding-Yuba City score was 3 to 2 and the Woodland-Chico score was 4 to 0.

Things looked bad for the Grass Valley nine in yesterday's battle when the visiting Giants counted two runs in the first inning off Manager Archie Campbell. The runs came after Potts singled, Kelly tripled and Perry singled.

Fighting hard, the Miners whittled one run off the lead in the fourth inning on a walk to Gregory, Lamphier's hit and Brock's long fly. The winners staged a three run rally in the fifth to take a comfortable lead. Dutra hit safely, and Cooper was safe on an error. Ruggles then bunted a roller down the thirdbase line and pitcher Lazzarone tossed the ball int rightfield, both Dutra and Cooper scoring. Ruggles then came in on Hoskins fly to rightfield.

The Grass Valleyans added their final run in the eighth inning when Gregory trippled and Lamphier doubled.

A large crowd of fans watched the Miners continue their drive for the second half pennant.

The score:	R.	H.	E.
Grass Valley	5	7	1
Marysville	3	12	4

Batteries: Campbell and Brock; Lazzarone and Borreani.

Folies in Phantom House

In a Phantom House made of glass these beauties from the New Folies Bergere make themselves at home—and the neighbors didn't complain. Fabian (left) and Erika of the Clifford C. Fischer show enjoy a snack in the General Electric exhibit which features the all-glass Phantom House at the Golden Gate International Exposition.

JOHN DARKE FILES SUIT FOR DAMAGES

A suit has been filed in the Placer County superior court by John W. Darke of this city, who seeks $330.14 damages from Mitsuo Nishio and Helen Smith as a result of an automobile accident last March.

The suit alleges Nishio, who was driving a bus for the Buddist Church and Helen Smith, operator of another car, drove their machines so negligently as too cause the bus to collide with the Darke machine, resulting in considerable damage. The accident happened near Auburn.

Bridegroom—"What an enormous pie, dear! It looks like a football."

Bride—"Well, it's the smallest umpkin I could find."

DESTRUCTION OF LARGE TROUT IS TO BE PROTESTED

Nevada County sportsmen are up in arms over the reported destruction of more than a ton of trout last week in Milton Dam, above Lake Bowman.

The trout, many reportedly weighing in excess of four pounds, perished when the water was drained from the dam to allow the Nevada Irrigation District to make repairs and clean the bottom of the dam.

Lester Deward, secretary of the Grass Valley Rifle, Rod and Gun Club, said he will write a letter to the fish and game commission protesting what he calls the "flagrant and shameful destruction of trout."

It was estimated thousands of fish died when the water was drained from the dam. Deward stated the sportsmen of this district would have made an attempt to save the fish and probably could have if they were notified of the impending drainage. It was reported the irrigation district notified Game Warden Earl Hiscox the lake would be drained and that the local game warden, who has been in bed ill, in turn informed the Sierra County game warden.

"Evidently he did nothing about it, although he said he would go over there," Hiscox stated.

Game Warden Hiscox termed the destruction of the fish a "shame."

FORFEIT AGAIN ENTERED AGAINST NEVADA CITY

The scheduled Foothill League baseball game between Nevada City and Grass Valley here yesterday was forfeited by the local team, making the third game in the second half the Nevada City squad has failed to play thus losing 9 to 0.

Manager Bill Clark, however, hopes to put a strong team on the field in next Sunday's battle with the Newcastle nine, first half champions.

LOCALS WIN, LOSE IN SOFTBALL GAMES

Walter Hawkins "Flashes" defeated the Grass Valley Midgets, 13 to 11, at Grass Valley in a recent intercity recreation program softball game.

The joy in Nevada City was short-lived, however, as the Grass Valley Laundry team took the measure of the local playground "Seniors", 16 to 4, in a contest here.

HUGE DAMAGES ASKED IN ACCIDENT DEATHS

The automobile accident deaths of Mrs. Archie R. Pitts, who was instantly killed recently near Auburn, and Pitts, who died in the Miners Hospital here, resulted in the filing of damage suits totaling $51,165.90 in the Placer County Superior Court by the two children of the couple.

The suits, filed by Mrs. Evelyn Collins and Robert Pitts, of Grass Valley, are against C. C. Neville of Lincoln, driver of a truck which crashed into the machine in which the Pitts' were riding.

VITAL STATISTICS

BIRTHS

DAVIS—At the Nevada City Sanatarium, August 2, 1940, to Mr. and Mrs. LeRoy Davis of Grass Valley, a daughter.

HOW WOULD YOU COOK THIS T-BONE STEAK ?

USE THE *smokeless* BROILER IN A CP CERTIFIED PERFORMANCE GAS RANGE

WOULD YOU ENJOY a cooler way of cooking this summer—especially with frying? And be able to fry-cook without filling the kitchen with smoke and heat?

The new CP Gas Range offers you a modern way of meat cooking that is cooler—cleaner—smokeless! Use the capable broiler for steaks and chops. Cook meat quickly and enjoy sealed-in flavor that broiling alone best gives.

For all of your cooking too, your kitchen will be cooler. New scientific insulation keeps oven and broiler heat in the range and out of the kitchen. Simmer burners bring you low-flame boiling.

So much cleaner too! Non-clog burners that stay bright, while inside and out everything is porcelain enamelled and as easy to keep clean as china ware.

See the new CP Gas Range today!

BEAUTIFUL CEREMONY UNITES PROMINENT LOCAL COUPLE

One of the most elaborate and impressingly beautiful wedding ceremonies in the history of Nevada City Saturday night united in marriage Miss Mary Margaret Rector and John Lloyd LaRue at the Trinity Episcopal Church.

The wedding vows were taken by the couple before a gathering of more than 300 relatives and friends from all sections of the state. The formal ceremony was performed by Rev. H. Thomas Pateman.

The bride was led to the altar on the arm of her father, E. M. Rector, while Lohengrin's Bridal March was played. Previously Mrs. Carl Libbey sang "Still is the Night" and Mr. and Mrs. Libbey rendered a duet "I Would That My Love." They were accompanied on the organ by Marshall Gieselman.

Receive Congratulations

Following the 15 minute Episcopal Church wedding service the bridal party went to the Rector home, where the newly married couple received the congratulations of their friends and relatives. The reception lasted several hours after which the bride and groom left on a honeymoon trip.

For the wedding the bride was attired in a white marquisette chantilly lace gown with a long train, finger tip veil with a coronet of orange blossoms. She carried a bouquet of bovardia, lilies of the valley and orchids.

Presents Pretty Picture

The maid of honor, Miss Ruth Rector, and the six bridesmaids presented a pretty picture in their gowns of marquisette. Miss Ruth Rector, sister of the bride, wore a blue marquisette gown and carried a bouquet of pink and blue flowers. The bridesmaids gowns were pink. The bridesmaids were Misses Phyllis Horn, Madeline Himes, Gertrude Sawyer, Helen Chapman, Mary Libbey, all of Nevada City and Mrs. Marjorie Long of San Francisco. Ruth Libbey, the flower girl, was also attired in a pink gown similar to those of the bridesmaids. Johnny Rector, the ring bearer, was attired in a costume of white and black satin.

The bridegroom was attended by his law partner, District Attorney Vernon Stoll. The ushers were Dr. Edwin Rector, Downey Clinch, Roger Kirkpatrick, Glenn Waterman, Ralph George and Frank McQuiston.

Unites Pioneer Families

The wedding united two prominent pioneer families of this area. Miss Rector, who has been an instructor in the Nevada City High School for the past several years, is the daughter of Mr. and Mrs. E. M. Rector, the father being a vice president of the Bank of America and manager of its Grass Valley branches.

LaRue, assistant district attorney of this county, is a son of the late Mr. and Mrs. Lloyd LaRue. His father was a prominent attorney of the Grass Valley-Nevada City district many years ago.

Valley Springs Woman Weds Norman Chatfield

Norman Chatfield of this city and Miss Lorris Vernon of Valley Springs, Calaveras County, were married in Reno, last Thursday. The couple were accompanied to Reno by Ellis Clark of Nevada City.

Following a short honeymoon trip the couple will reside in Nevada City. Chatfield is employed at the Lava Cap Mine.

The bride spent her entire life in Calaveras County, where she attended school. Chatfield, a graduate of the Nevada City High School, is a son of Mr. and Mrs. Clayton Chatfield of Coloma, formerly of this city.

Engagement Revealed By School Teacher

A shower at the home of Mrs. A. E. Culbertson in Yuba City last week honoring Miss Idell Christopher also served as a party for the announcement of the engagement of Miss Ann McCrea and Justin Partington, both of Grass Valley.

Miss McCrea is a school teacher in Grass Valley and Partington is employed by the Motor Supply Company.

The wedding is to be an event of the fall. Miss McCrea is a daughter of Mrs. J. A. Stevenson of Rough and Ready. She is a graduate of the Grass Valley High School and Chico State College.

Partington, son of Mr. and Mrs. G. S. Partington of Grass Valley attended school in that city.

Charivari Given Board Chairman

During the session of the board of supervisors last Thursday afternoon time out was taken for the charivari of Chairman Cary Arbogast, who recently married.

County Recorder J. E. Nettell acted as the spokesman for the county employees who noisily interrupted the orderly proceedings of the board to charivari the head of the county government. The court house staff presented Arbogast with a floor lamp. To top it all refreshments were served.

Deputy District Attorney John L. LaRue, who Saturday deserted the ranks of bachelorhood to marry Mary Margaret Rector, was also presented with a gift.

LaRue-Rector Wedding Attracts Notables

MANY OUT OF TOWN GUESTS IN ATTENDANCE

Church Candlelight Service Is Impressive

Nevada City has seldom seen such a notable gathering as that present at the Rector-Larue wedding and reception Saturday night.

There were physicians and surgeons, mine owners and mine managers, bankers, attorneys, professors, store owners, and retired professional men of many occupations.

Although the majority of the more than 300 attending the wedding and reception were from the Nevada City-Grass Valley area, many out of town relatives and friends of the couple were present. The out of town relatives and guests included:

Mr. and Mrs. Frances Schuster, Mr. and Mrs. Todd Schuster and daughter, Susanna of San Francisco; Gilbert Richards and daughter, Betty of Sacramento; Mr. and Mrs. Gluyas Richards and daughters, Rosemary and Carol Ruth of Auburn; Mr. and Mrs. Carl Lindley and Mrs. Vivie Lindley of Berkeley; Colonel and Mrs. J. J. Graves and daughter; Maud and son, Jeffie of Ross, Calif.; Mrs. Claudia Littlefield of Los Angeles; Mrs. Lola Worth of San Gabriel, Calif.; Mr. and Mrs. Kerr and Miss Mary Kerr of Berkeley; Mr. and Mrs. Ralph Gaylord and daughter, Hermine of Sacramento; Mrs. T. H. Thatcher and daughters, Jane, Mary Frances and Claire of Berkeley; Mrs. A. Maltman and daughters, Mrs. Annie Haney of Oakland and Mrs. Clara Kahn of Hamilton, Ohio; Mrs. Harry Robinson and daughter, Sally of Lovelock, Nev.; Mr. and Mrs. Joseph Demeter of Sacramento; Dr. and Mrs. Henry Searls of San Francisco; Dr. and Mrs. William Miller of Auburn; Mr. and Mrs. R. H. Turner of Pasadena; Gilbert Pearce, Herbert Jacobs and Mr. and Mrs. C. D. Barker of Berkeley; and Miss Paula De Lucca of Oakland.

The bridal party presented a beautiful picture, lined up in the Rector garden with a spotlight focused on them as they received the guests. The number of kisses received by both the bride and groom was about equally divided.

Mrs. E. M. Rector, mother of the bride, was complimented by the guests as looking like a bride herself. She wore a blue marquisette dress with a gardenia corsage. Mrs. Rector was beside LaRue in the receiving line. Miss Ruth Rector, maid of honor, was the first in the receiving line, followed by the bride, and the groom. The six bridesmaids and Flower Girl Ruth Libbey were in line beside the bride's mother.

The Rector-LaRue wedding aroused more interest in Nevada City than any social event of years. The Trinity Episcopal Church was entirely filled with guests, many being forced to stand. Quite a few people gathered about the church and across the street to watch the wedding proceedings.

The wedding guests were impressed with the beauty of the church decorations. The altar was banked with blue hydrangias and pink gladiolis. The wedding was a candlelight service, adding to the beauty of the ceremony.

The bride's table at the reception was decorated with an enormous white heart centerpiece filled with ferns, blue hydrangias, pink begonias and pink lilies. The table was set with crystalware and lighted with white candles and crystal candellabras on a silver and white cloths. The place cards were of miniature brides and grooms.

The newlyweds received many gifts, which were on display in the Rector home living room. An ensemble of cocoa brown with blue accessories was worn by the bride as her going away costume.

RUTH TAMBLYN BECOMES WIFE OF GRASS VALLEY HIGH COACH

Miss Ruth Tamblyn, local schoolteacher and Arthur Hooper, assistant athletic coach at the Grass Valley High School, were united in marriage here yesterday at the home of Mr. and Mrs. W. V. Tamblyn, parents of the bride.

The ceremony, which was attended only by close friends and relatives of both families, was performed by Rev. Carl Tamblyn, cousin of the bride.

For the ceremony, the bride was prettily attired in a white silk net gown. She carried a bouquet of lilies of the valley and gardenias.

Sister Is Attendant

The bridesmaid, Miss Vivian Tamblyn of Ventura, a sister of the bride, wore a blue net and lace gown.

Hooper was attended by William George of Grass Valley. A niece of the bride, Virginia Huntley of Loyalton, played the wedding music.

Following the wedding a reception was held, after which the couple left on a honeymoon trip. Upon their return they will make their home in a newly constructed house in Grass Valley.

The bride is a popular and attractive daughter of Mr. and Mrs. W. V. Tamblyn, old time residents of the city. She is a sister of Robert, William and Ben Tamblyn of this city, Vivian Tamblyn of Ventura, Mrs. Ervina Shattuck of Truckee, Mrs. Florence Huntley of Loyalton and Mrs. Dorothy Skooner of Modesto.

Eastern Star Matron

For the past several years the bride has been an instructor in the Nevada City Elementary School. She is a graduate of the Nevada City High School and San Jose State Teachers College. Mrs. Hooper has been very active in the Eastern Star Lodge and at present holds the honor of worthy matron of the local chapter.

Hooper, son of Mr. and Mrs. Louis Hooper of Grass Valley, is a graduate of the Grass Valley High School and University of California. He is assistant to Coach Bill Wilson, instructor of athletics, at the Grass Valley High School.

Transferred to Tahoe—

Wayne Frost, employee at the Standard Oil Station here for the past several months, has been transferred to a company oil station at Lake Tahoe. Frost left yesterday to take over his new job. Mrs. Frost remained in Nevada City with relatives.

Attend Convention—

County Superintendent of Schools Walter Carlson, president of the local Rotary club, and Fred C. Garrison, secretary, left yesterday to attend the district Rotary convention in Susanville. Carlson will return tomorrow but Garrison will take a vacation the remainder of the week.

Subscribe for the Nugget.

R. E. HARRIS

PANTRY SHOWER HONORS MISS UHRIG

A surprise pantry shower was held at the Mr. and Mrs. Steven Frkovich home on Searls Avenue last Thursday evening, complimenting Miss Edna Uhrig, who will become the bride of John Ronald MacDonald of San Francisco on August 31st.

Those present at the party included:

Mesdames H. Ramsden, M. Sauer, Louis Popovich, George Uhrig, Mabel Flindt, A. C. Wallbrecht of Nevada City, W. Faup and S. Jarvis of San Francisco, J. Harris and W. Jenkins of Grass Valley; Misses Marjorie Harris of Grass Valley, Yvonne Faup of San Francisco, Bonnie Flindt, Ruth Richerson and the honored guest, of Nevada City.

DRIVE AWAY CUSTOMERS AT BUICK FACTORY

A letter from the Buick factories in Flint, Michigan to Paul Viles, Buick distributor in this county states that the Buick factories this year have been the mecca for more than 17,500 visitors from throughout the United States and 35 foreign countries, according to records compiled by the customer driveaway and factory tour bureau.

Of this total more than 10,000 drove away new Buick cars, establishing a record for this type of delivery by this manufacturer. These are cars purchased throughout the world-wide dealer organization with delivery arranged for in Flint through special machinery set up in the export division and the domestic zone offices.

To expedite this service, Buick management installed a complete driveaway system enabling customers from all over the world to stop in Flint while on vacation or enroute to other parts of the country and pick up a car complete with license plates immediately upon arrival.

Clerk—"Sir, my wife iscleaning house and wants me to help her. Would you let me off this afternoon?"

Manager—"I certainly will not."

Clerk—"Thank you, sir. I knew I could count on you."

DISTRIBUTION OF NEW TELEPHONE BOOKS UNDERWAY

The distribution of 900 new telephone directories began in the Nevada City district today.

E. E. Hoss, Pacific Telephone and Telegraph Company manager for Nevada City and Grass Valley said 2900 telephone books will be given to the telephone customers in the Grass Valley-Nevada City area.

The Nevada City telephone book distribution is being handled by the same persons who gave out the books last year and the work is expected to be completed in two days. There are approximately 60 new names in the Nevada City section of the book.

Manager Hoss said not only have the total telephones increased heavily in recent years, but additional services have been established in nearby areas.

The telephone company manager said the new telephone book includes many new sections and features, one of which is a definite table of rates for number to number or person to person calls from any of the small cities of the territory to any part of the United States. He said the subscriber knows beforehand what the charge will be for the normal length conversation.

MINERAL OUTPUT OF COUNTY, 1939, IS $11,468,556

SACRAMENTO, Aug. 5.—(UP)—Minerals produced in California during 1939 had a total value of $352,462,564, a decrease of $27,982,392 from that of 1938, State Mineralogist Walter W. Bradley reported today.

The decrease, Bradley said, was caused by reduced petroleum production.

Metals and industrial materials groups, showed increases, while the fuels, structural materials, and salines declined. Gold showed the greatest increase in value, followed by copper, brick and hollow building tile, tungsten ore, quicksilver, lime, magnesite, cement, limestone, borates, talc and soapstone, silica and salt.

During 1939, Nevada county produced nine different mineral products, calued at $11,468,556.
